INDEPENDENCE DAY FIREWORKS
FRIDAY, JULY 3.2009

For the seventh year in a row, we will have a professionally produced fireworks display as a part of our annual Independence Day Celebration.

This will be a safe spectacular display produced by Melrose Pyrotechnics. They are producing the display at the Taste of Chicago as well as other prominent Chicago and local displays. Our production will last 25 minutes and cost $5500. It is approved by the Coast Guard,the Indiana Fire Marshall and it will be monitored by the Porter Fire Department.

With the availability of a professionally produced display in town, residents and guests no longer have to put themselves and their friends and neighbors at risk with individual displays.

As in the past, we are asking for individual contributions to cover the costs. Please fill out the form below for your household contribution. Please be generous so that we will have adequate funds to have the display. Please return your form and contribution by June 2 to the security officer at the security building.

Thank you–Lou, John and Jeff

Fireworks Contribution
